5 for violation of CHSC, Section 116555(a)(1) and California Code of  
6 Regulations (hereinafter "CCR"), Title 22, Sections 64423 and 64423.1(c).

7  
8 A copy of the applicable statutes and regulations are included in Appendix 1,  
9 which is attached hereto and incorporated by reference.

#### 10 11 **STATEMENT OF FACTS**

12 The System is classified as a Non-Transient Non-Community public water  
13 system with a population of 586 persons, serving 1 connection. The System  
14 operates under Domestic Water Supply Permit Amendment No. 03-23-08P-  
15 036, issued by the State Water Board on August 5, 2008.

16  
17 CHSC, Section 116555(a)(1) requires all public water systems to comply with  
18 primary drinking water standards as defined in CHSC, Section 116275(c).  
19 Primary drinking water standards include maximum levels of contaminants  
20 and the monitoring and reporting requirements as specified in regulations  
21 adopted by the State Water Board that pertain to maximum contaminant  
22 levels.

23  
24 CCR, Title 22, Section 64421(a)(2), states that each water supplier shall  
25 collect routine, repeat and replacement samples as required in Sections  
26 64423, 64424 and 64425. Section 64423 states that a water supplier shall  
27 collect routine bacteriological water samples based on the known population  
28 served or the total number of service connections, whichever results in the

greater number of samples, as shown in Table 64423-A attached hereto in Appendix 1.

CCR, Title 22, Section 64423.1(c), states that analytical results of all required samples collected for a system in a calendar month shall be reported to the State Water Board not later than the tenth day of the following month.

As of the date of this Citation, the State Water Board has received no results for routine bacteriological samples taken during the months of September and October of 2018.

### DETERMINATION

In accordance with CCR, Title 22, Sections 64423 and 64423.1(c), the System was required to collect and report one bacteriological sample each month. Therefore, the State Water Board has determined that the System has failed to comply with drinking water standards pursuant to CHSC, Section 116555(a)(1) and CCR, Title 22, Sections 64423 and 64423.1(c) during the months of September and October of 2018.

### DIRECTIVES

The System is hereby directed to take the following actions:

1. The System shall collect and report the bacteriological samples in accordance with CCR, Title 22, Sections 64423 and 64423.1(c) in all future compliance periods.

On or before **December 15, 2018**, notify all persons served by the System of the violation of CCR, Title 22, Sections 64423 and

64423.1(c), in conformance with Sections 64463.4(b) and (c) and 64465. Copies of Sections 64463.4 and 64465 are included in Appendix 1. Appendix 2 Notification Template shall be used to fulfill this directive, unless otherwise approved by the State Water Board. The notification shall be completed in accordance with the following:

- By mail or direct delivery of the Public Notification to each customer served by the water system and;
- By one of the following secondary methods to reach persons not likely to be reached by mail or direct delivery;
  - By publication in a local newspaper, by delivery to community organizations or by posting in conspicuous public places served by the water system or on the internet. If the water system opts to issue the notice via internet website, the public notice shall remain posted for a minimum of seven (7) consecutive days.

2. Complete Appendix 3: Compliance Certification Form. Submit it together with a copy of the public notification required by Directive 2 to the State Water Board on or before **December 31, 2018**.

3. All submittals required by this Citation shall be electronically submitted to the State Water Board at the following address:

[dwpdist23@waterboards.ca.gov](mailto:dwpdist23@waterboards.ca.gov)

The subject line for all electronic submittals corresponding to this Citation shall include the following information: Water System name and number, citation number and title of the document being submitted.

1 The State Water Board reserves the right to make such modifications to this  
2 Citation as it may deem necessary to protect public health and safety. Such  
3 modifications may be issued as amendments to this Citation and shall be  
4 effective upon issuance.

5  
6 Nothing in this Citation relieves the System of its obligation to meet the  
7 requirements of the California SDWA (CHSC, Division 104, Part 12, Chapter  
8 4, commencing with Section 116270), or any regulation, standard, permit or  
9 order issued or adopted thereunder.

#### 10 11 **PARTIES BOUND**

12 This Citation shall apply to and be binding upon the System, its owners,  
13 shareholders, officers, directors, agents, employees, contractors, successors,  
14 and assignees.

#### 15 **SEVERABILITY**

16 The directives of this Citation are severable, and the System shall comply with  
17 each and every provision thereof notwithstanding the effectiveness of any  
18 provision.

#### 19 **FURTHER ENFORCEMENT ACTION**

20 The California SDWA authorizes the State Water Board to: issue a citation or  
21 order with assessment of administrative penalties to a public water system for  
22 violation or continued violation of the requirements of the California SDWA or  
23 any regulation, permit, standard, citation, or order issued or adopted  
24 thereunder including, but not limited to, failure to correct a violation identified  
25 in a citation or compliance order. The California SDWA also authorizes the  
26 State Water Board to take action to suspend or revoke a permit that has been  
27 issued to a public water system if the public water system has violated  
28 applicable law or regulations or has failed to comply with an order of the State

Water Board, and to petition the superior court to take various enforcement measures against a public water system that has failed to comply with an order of the State Water Board. The State Water Board does not waive any further enforcement action by issuance of this Citation.
